

[And] then you can take
[LAUGHTER]

Where it's kind of
like --

come in and during that
process you can like
and design everything and then
~~whenever they just want it just~~
~~printed out.~~

And this also kind of like
I mean it's like the design
process.

It's a little bit like a perform at
this point. For me, and it's
like...

You're not like sitting down
to do it out, but it's more
like you design whatever is
good.
